

Dear Expectant Parent:

Welcome to the Regency Center for Women and Infants. Since we are not able to speak with each of you personally before your baby's birth, this letter is meant to say hello and thank you for choosing the Regency for your upcoming birth. Our excellent staff will strive to meet your needs to your complete satisfaction. Our goal is to give you a wonderful experience that you will treasure forever.

On the webpage where this form is found is another form called a "Preference List". This form can be used when you talk with your doctor or midwife about plans and wishes for your birth experience. By sharing your wishes with us, we are better able to care for you and your baby in the way you prefer. Please know that the health and safety of you and your baby is our greatest concern.

After you have completed and discussed the Preference List with your doctor or midwife, bring or send it to:

Regency Administration  
101 Avenue O S.E.  
Winter Haven, FL 33880

It will be attached to your prenatal record on the Maternity Unit.

During childbirth classes or tour of the Regency, you will learn more about hospital procedures and the ways we usually provide care to mothers and babies. If we can help you or answer any questions. Please contact us. And again, thank you for choosing the Regency for your family's health care.

Sincerely,

Susie Hart, RNC  
Assistant Vice President

Valerie Butler, RNC  
Mother-Baby/GYN Manager

Tracy Ayers, RN  
Nursery/NICU Manager
